Netley Marsh Parish Council are trying to determine how many residents need to attend hospital appointments, who only have access to public transport. We are also trying to determine if there is a requirement for providing a school bus. Netley Marsh Parish Council, together with several other local Parish Councils and Totton Town Council, are looking at a potential Community Health/School Bus service which would operate between Southampton General hospital and Lymington hospital. The proposed project, which is subject to funding, would run up to 4 times per day, 5 days per week, dropping off and picking up passengers from designated points in each of the five parishes along the Waterside area, at a small charge.

Netley Marsh Parish Council are trying to ascertain the demand for this potential service and would welcome residents to complete the questionnaire below, together with providing any suggestions and input on aspirations and requirements.
